O'ZARO KESISHGAN YUZALAR CHIZMALARINI QURISH METODIKASI

Djamilya Kurambayevna Xusanova
Chirchiq oliy tank qo'mondonlik muhandislik bilim yurti,
Umumtexnika fanlari kafedrasi dotsenti

Annotatsiya. Maqolada o'qituvchilarning "Chizma geometriya va muhandislik grafikasi" fanini kursantlarga o'qitish bilan bog'liq qiyinchiliklarga duch kelishi, shuningdek, ushbu muammolarni hal qilish uchun kursantlarni o'qitish metodikasi tasvirlangan.

Kalit so'zlar: ko’pyoqliklar, aylanish sirtlari, chizish texnikasi, kesish tekisliklari, tayanch nuqtalari, oraliq nuqtalar.

METHODOLOGY OF CONSTRUCTION OF INTERACTED SURFACES

ABSTRACT

The article describes the difficulties that teachers face when teaching cadets the discipline "Descriptive Geometry and Engineering Graphics", as well as the methodology for teaching cadets to solve these problems.

Keywords: polyhedra, solids of revolution, drawing technique, secant planes, reference points, intermediate points.
