ANNOTATSIYA

Mamlakatimiz xavsizligini bugungi va ertangi kunini hal qiluvchi kuchi bo‘lmish o‘sib, unib kelayotgan yoshlarimizni har tomonlama mafkuraviy qurollantirishni zamonnaning o‘zi talab qilmoqda. Agar bu tushunchani qurollantirish emas, balki qurollanmog‘i kerak desak, bevosita ularni o‘z holiga tashlab qo‘ygan va ko‘ziga “yaltirab” ko‘ringan narsani o‘zlashtirishga sharoit yaratgan bo‘lamiz. Shunday ekan, yoshlarimizda turli xil yot va zararli g‘oyalarga qarshi kurashish uchun mafkuraviy immunitetni yanada rivojlantirish ularni turli xil g‘oyaviy va mafkuraviy tahdidlardan asrash, jamiyatda mafkuraviy immunitet hosil qilish orqali taraqqiyot qonunlarini chuqur aks ettiradigan sog‘lom, barkamol avlodlarni tarbiyalab voyaga yetkazish lozim. Shundagina biz istiqbolda ma’naviy barkamol insonni, sog‘lom avlodni tarbiyalashga erishamiz. Jamiyatimizning ustuvor vazifalaridan biri ham barkamol avlodni tarbiyalashdan iboratdir. Zero, ma’naviy barkamol insonlargina buyuk kelajakni yarata oladilar.

ABSTRACT

Time itself requires comprehensive ideological disarmament of the growing youth, who are the decisive force for the security of our country today and tomorrow. If we were to say that this concept should be armed, not armed, we would create the conditions to master what left them in their position and " shone” in their eyes. Thus,

the further development of young people's ideological immunity to fight various alien and harmful ideas, their protection from various ideological and ideological threats, the formation of ideological immunity in society should lead to the upbringing of a healthy, harmoniously developed generation that deeply reflects the laws of development. Only then will we be able to raise a spiritually harmonious person, a healthy generation in the future. One of the priority tasks of our society is the upbringing of a harmoniously developed generation. After all, only spiritually perfect people can create a great future.
