PERSPECTIVES TEACHING AND LEARNING ABOUT ECOLOGICAL ENVIRONMENT IN PRE-SCHOOL EDUCATION

Zakhro Yuldashevna Shanasirova
Teacher of Chirchik State Pedagogical Institute

ABSTRACT

The main goal of environmental education is to develop in preschool children a conscious attitude to the environment and its problems, as well as the knowledge, skills and competencies to find optimal solutions to them. In this sense, the article analyzes the purpose of environmental education in preschool education.

Keywords: ecology, preschool children, culture, understanding, education, upbringing, preschool education system, ecological upbringing.
