the 1st year master student

ABSTRACT

The article is about the development of twentieth-century Uzbek theoretical linguistics is inconceivable without the scientific views of A. Gulomov. In the 40s and 80s of the twentieth century, efforts were made to provide as much information as about the current state of Uzbek national linguistics and to take their serious scientific views and opinions.

Keywords: linguistic analysis, classification, synchronous-formal classification, morphology, syntax, lexicon, stylistics.
