ANNOTATSIYA

Insonning kelajakda muvaffaqiyatli inson bo'lish eng avvalo to'g'ri maqsad qo'yishga bog'liq. Deyl Karnegi, Brayan Treysi kabi mashhur lektorning ta'limotiga ko'ra, hayotda o'z oldiga maqsad qo'yish va unga erishishni o'rganish ham aslida bir fan. "Tarbiya" fanining ahamiyatli jihati shuki, u bosqichma-bosqich bolada maqsad qo'yish va unga intilish ko'nikmasini shakllantirib boradi.

INTRODUCTION AND IMPORTANCE OF EDUCATIONAL COURSES IN SECONDARY SCHOOLS

ABSTRACT

Being successful in the future depends on setting the right goals. According to the teachings of such famous lecturers as Dale Carnegie and Brian Tracy, learning to set goals and achieve them in life is actually a science. An important aspect of parenting is that it gradually develops the child's ability to set goals and strive for them.

Keywords: education system, educational process, organizations, training, education, STEAM approach.
