ANNOTATSIYA

Ushbu maqolada boshlang'ich sinf o'quvchilarining matematika faniga bo'lgan qiziqishini oshirishga, mantiqiy fikrlash qobiliyatlarini shakllantirish va rivojlantirishga, o'z fikrlarini mustaqil bayon qila olish, egallagan bilimlarni ijtimoiy faoliyatlarda qo'llash hamda ta'lim samaradorligini oshirish masalalari o'z ifodasini topgan.

Kalit so'zlar: geometrik shakl, ko'rgazma, didaktik o'yinlar, perimetr, yuza, hajm tushunchasi, konstruksion, poletka, ijodiy tasavvur, matematik tushuncha;

ABSTRACT

This article aims to increase the interest of primary school students in mathematics, the formation and development of logical thinking skills, the ability to express themselves independently, the application of knowledge in social activities and increase the effectiveness of education.

Keywords: geometric shape, exhibition, didactic games, perimeter, surface, volume concept, construction, pole, creative imagination, mathematical concept;
